

# GIVING...More Precious Than GOLD

## IT HELPS STUDENTS SUCCEED

JULIA ECCLES,  
PHSC FOUNDATION  
SCHOLARSHIP RECIPIENT

I grew up with a learning disability, so I know firsthand how hard school is. Thanks to some very good teachers who identified and helped me persist through difficulties, and with the help of the PHSC Foundation scholarship, I believed in myself enough to graduate from PHSC with honors and a 3.62 GPA!

### IT DOESN'T HAVE TO BE A LOT TO MAKE A DIFFERENCE

A payroll deduction of \$5 every other week can help a student afford one credit hour

**IT MAKES ALL OF US BETTER**  
More than 500 PHSC faculty and staff will benefit from \$178,606 in leadership development, recognition, and technology awards this year

### IT'S GOOD FOR YOUR HEALTH

Research shows that giving boosts happiness, and stimulates the ventral striatum, or rewards center of the brain

### IT MAKES A HUGE IMPACT

973 students benefitted from \$1,095,202 in PHSC Foundation scholarships in 2017-18
